- LED light strips along the edges
- Edge lit panel
- Back plastic panel

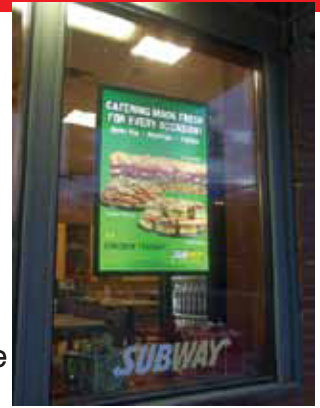

- Edge-lit LED provides even illumination

- Frame stays cool at all times

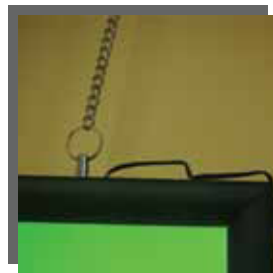

- Chains are connected to top hooks with "dog ear" & drop ceiling clips

- Electrical wire comes out of the top of the frame

- No visible screws

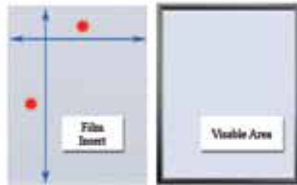

Hangs or mounts to wall

## Frame Size

- 24" x 36"
- Thin elegant profile
- Depth of the frame is 3/4"
- Snap frame is 1 1/8" wide
- Heavy gauge aluminum extruded frame
- Matte black frame reduces frame visibility

## Electrical Features

- Input line voltage 100-240V
- Output low voltage 12VDC
- Efficiency level IV
- Grouded outlet

## LED Light System

- Ultra thin light panel provides even illumination
- Between 1/3 & 1/2 watt high brightness LED's
- Excellent illumination in bright ambient lighting
- Consumes less than half the power of fluorescent
- Lasts between 70,000 to 100,000 hours
  - Up to 4,165 days
  - Approx 11 years

## Print Installation

- Full color CMYK designs
- Easily swap designs in 3 steps
  - 1) Open snap frame
  - 2) Place print on edge lit panel
  - 3) Snap frame closed
- Design will always be bright and eye catching.
